SPECS

Height:	3-5'
Spread:	3-5'
Shape:	rounded
Foliage:	dark green
Fall Color:	yellow
Flowers:	magenta-pink
Fruit:	capsule
Zone:	3

DESCRIPTION

Smooth Hydrangea is a reliable, hardy shrub. It has an upright, rounded form and large round flowers in summer. They prefer partial shade, but will tolerate full sun with adequate moisture. This group of Hydrangea flowers on new wood over a long period during the summer. They may be pruned back hard in late winter, to ground level if a more compact plant is desired.

Part of the Endless Summer[®] Collection, 'Bella Anna'[®] has large magenta-pink blooms. Flowers are held on erect stems and with deadheading, plants will flower most of the summer.

Utilize in borders, as hedges, massed, or as a single specimen.
